CHRIST AMBASSADORS SCHOOL OF EXCELLENCE

STANDARD TEST 5

JUNE, 2026

SCIENCE

YEAR 3 Orchids

40 MINUTES

STUDENT NAME: Emunoh Roberta Nettey

DATE

05 06 26

- No food or drink to be brought into the test room.
- Do not talk during the assessment test.
- If you have a problem, please raise your hand and wait quietly for a teacher.
- Do not open the assessment test booklet until directed to do so.
- No pencil cases allowed; bring only the writing materials you need
- Write your name clearly in the space above when directed to do so.
- At the conclusion of your assessment test please refrain from speaking until you are outside the exam room as there may still be other assessment tests still in progress.

Special Instructions:

- Write legibly and present your work neatly.
- Be sure to answer **ALL** questions.

1. Mia pulls a block across different surfaces.

She measures the force she uses to pull the block across each surface.

What equipment does Mia use to measure the force?

Circle the correct answer.

thermometer

forcemeter

ruler

balance

[1]

- b. Here are Mia's results.

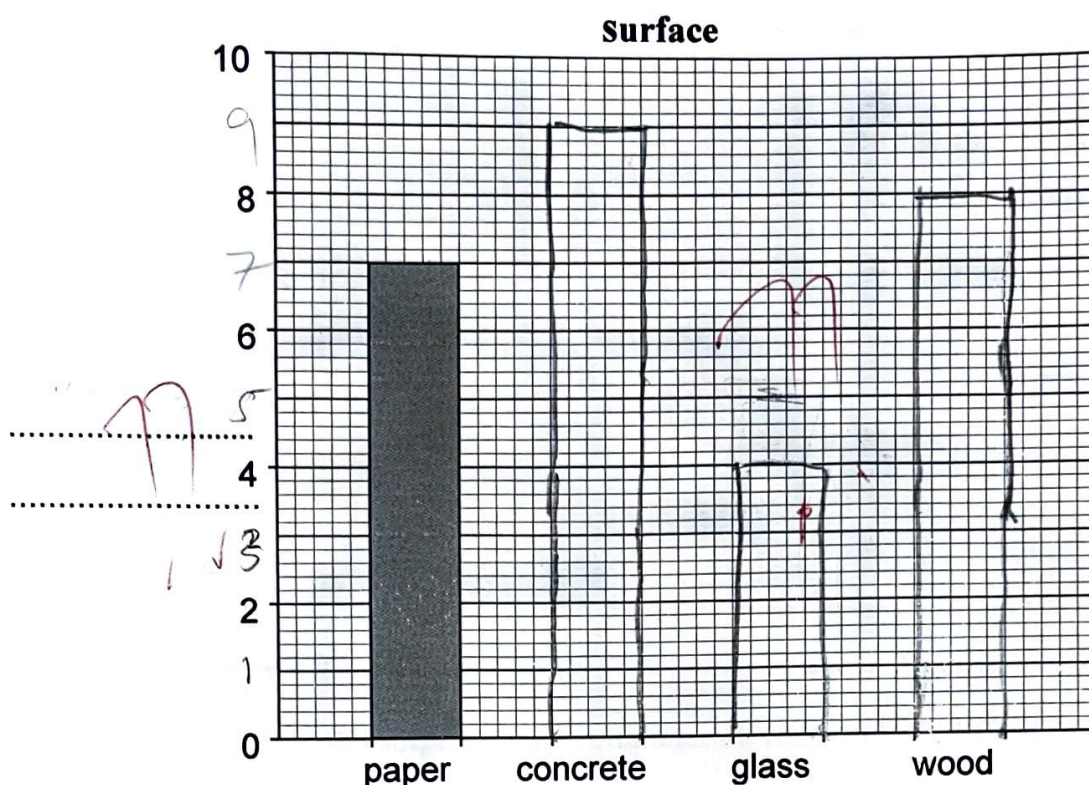

Surface	Force Mia uses to pull the block in newtons.
paper	7
concrete	9
glass	5
wood	8

Mia starts to draw a bar chart of her results. She labels the x-axis with the surfaces.

Complete her bar chart by

- labelling the y-axis
- plotting the bars for each surface.

The first bar has been done for you.

[2]

c. Mia concludes that glass is the smoothest surface.

Tick (✓) to show if Mia is correct.

[1]

yes

☐

no

☒

d. What is the name of the force that Mia is investigating?

Circle the correct answer.

friction

gravity

magnetism

mass

[1]

2. In your words describe Gravity.

Gravity is a force that pulls objects towards the center of the earth. [2]

b. Write one application of friction in our daily lives.

Our shoe and the tiles [2]

3. Look at the picture of a fossil in a rock.

- a. What is a fossil?

A fossil is an impression made in mud

[1]

- b. What type of organism made this fossil?

cast fossil

[1]

4. Lily rides a sleigh down a hill covered in snow.

Lily makes the runners of her sleigh smoother.

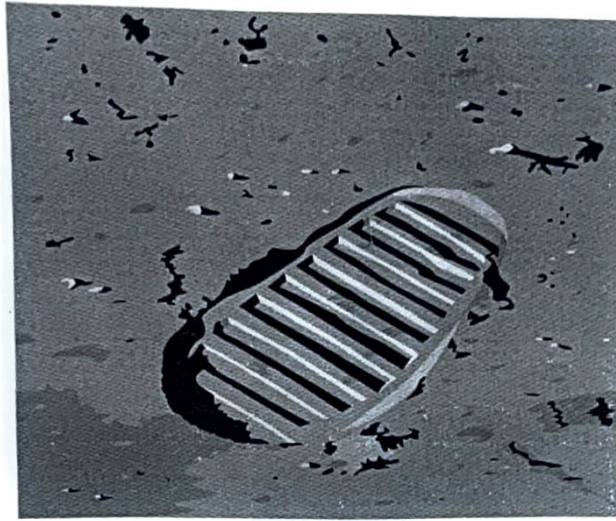

Complete the sentences to explain how the speed of the sleigh changes.

The speed of the sleigh will slow down

This is because there is friction

[2]

The picture shows a footprint left on the Moon by an astronaut.

The footprint has been left by a living thing.

Some fossils on Earth show footprints of animals that lived millions of years ago.

Circle the word that **best** describes this type of fossil.

impression

mineral

solid

surface

[1]

b. What type of fossil is in the picture above?

Trace fossil

[1]
